Ontario-Montclair School District Hosts Parent Educational Center Open House

Established in 2011, the Ontario-Montclair School District's (OMSD) Parent Educational Center (PEC) is a dedicated location for parents/guardians serving as a resource center, classroom and meeting area. The Center has a continuous and planned schedule of classes to accommodate educational needs at all levels. It encourages adults to continue and expand their learning, advance professionally, and promote higher self-esteem, as well as enhance their student's development.

OMSD is hosting an Open House at their Parent Educational Center on Wednesday, October 3, 2018, 9:00 a.m. to 10:30 a.m. The Parent Educational Center is located at the Linda Vista Full Service Community School, 1556 South Sultana Avenue, Ontario.

The day will include a celebration of OMSD parents and community members' educational accomplishments, as well as a tour of the center. There will also be an opportunity to learn more about the educational opportunities offered to parents and community members.

The District will have the honor of presenting certificates to parents who have completed the *Plazas Comunitarias* elementary education program offered in partnership with the Mexican Consulate, as well as recognizing 21 parents and community members that completed their General Education Development (GED) this past school year.

"OMSD is committed to providing our students a world-class education, as well as, supporting our parents in their educational and personal growth. Our Parent Educational Center is a safe environment for our parents to meet, attend classes and expand their ability to support their children at home." stated Board President Elvia M. Rivas.

"Our Community, Our Children, Our Commitment, Our Future"
